

Meet Credit Suisse's Strategy Team

And Engage in a Challenging Case Study

Do you consider inhouse consulting a great opportunity to start your career? Are you interested in strategy development & implementation at a major Swiss bank?

If yes, we - the strategy team of Credit Suisse in Switzerland - invite you to spend an afternoon with us at our Zurich office. We will give you an introduction to what we do, tour our office with you, and have a coffee together to answer all of your questions.

Also, you will have the chance to solve a real-life-based case study in a set-up reflecting our daily business: work in a diverse team, face time pressure, and meet demanding senior stakeholders. Apply your analytical skills and creative thinking to come up with a convincing solution. Afterwards, you will be able to present your solution to our team head. We are looking forward to meeting you!
